ABOUT ME

I am a dedicated college student at KIIT Bhubaneswar, Odisha, pursuing a B Tech in Computer Science & Engineering. With a comprehensive understanding of computer science principles and hands-on experience gained through my coursework, I am passionate about technology and web development.

I am a quick and curious learner, committed to staying up-to-date with current industry trends. As a team worker and critical thinker, I thrive in collaborative environments and enjoy tackling challenges head-on.

I am enthusiastic about opportunities that allow me to apply my skills, contribute to meaningful projects, and continue to grow both as a programmer and as a person.

SKILLS

- Web Development
- Problem Solving
- Adaptability
- Teamwork
- Excellent Communication
- Critical Thinking
